Texas, December 28, 2015 - American Muslim Relief Organizations Pledge Support in Aftermath of the Dallas Tornadoes

Texas emergency crews are responding after tornadoes hit the area the day after Christmas leveling homes and downing power just before blizzard conditions are due to arrive.

Organizations across the American Muslim Relief community have come together to pledge their aid both in terms of financial assistance and boots on the ground as part of the recovery efforts.

This declaration of support is to show solidarity with our neighbors who have been impacted by the disaster, something our faith calls upon us to do.
